**Opportunity:** We will return to the Amazon Basin of Peru to work with Ricky & Carol Hendon, Alabama missionaries who serve this remote region with a threefold focus: (1) planting and building churches in unreached tribal communities, (2) training indigenous pastors and church leaders for ministry (in a training center in Ullpayaco where a Kingwood took a team in 2017), and (3) operating Camp Yuri (located in Yurimaguas, the town where they are based), a camp they founded and have led the ongoing construction of since 2018. Our exact work project for 2026, still to be determined, will be in one of these 3 focal points.

**Health & Safety:** We will follow guidelines to always ensure the safety of team members, in cooperation with missionary and church personnel.
