- Opportunity: Nepal is one of the most poorest and most remote countries in the world. But in spite of economic and geographical hardship, the Gospel is spreading in Nepal. Churches are being planted at such a rapid pace that pastors cannot be trained fast enough to keep up. The bottleneck is the lack of housing at the Nepal Theological College. Our team will be part of a multi-team effort to build a new dormitory that will make room for all the men and women who seek training in ministry to pastor these churches.
- Health & Safety: There are no required travel vaccinations, but team members should be current on all routine immunizations and should consider CDC recommendations (<https://wwwnc.cdc.gov/travel/destinations/traveler/none/nepal>).
