Opportunity: The Smoky Mountain Dream Center (SMDC) is a faith-based nonprofit organization ministering to the unique needs of Appalachia. Led by Keith and Alicia Hall (who are products of Kingwood Church) and their team, SMDC offers transitional housing and Christ-centered solutions to women who have faced incarceration, a church facility for the community, and youth and children leadership programs to aid in their physical, mental, and spiritual development. By the time our team partners with SMDC, they will be launching into the first phase of developing a permanent housing facility on new property. We anticipate a combination of work projects and ministry with women, youth, and children.

Health & Safety: We will follow guidelines to ensure the safety of team members at all times, in accordance with the instructions of SMDC personnel.

There are no required travel vaccinations, as this is a domestic trip. Temperatures in east Tennessee in June should slightly cooler than summer in Alabama.
