- * Must participate in any team fundraising efforts
- * Must submit all paperwork (application, medical, insurance, liability)
- * Must be accountable to abide by all team rules during trip

Opportunity: Casa de Mi Gloria (CDMG) is one of the fastest growing churches in Managua, the capital and largest city of Nicaragua. The church was started 11 years ago on the back porch of a home with 10 people, and it has grown to over 2,000 members meeting in a tent. Yet even without a permanent structure, CDMG has focused its energy on multiplication, already planting 9 churches in neighboring towns. Our team will work to help construct a permanent facility for one of these “daughter” churches but also have opportunities to engage with the “mother” church. Learn more at the main church’s website (Spanish): <https://casademigloria.org/>

Health & Safety: We will follow guidelines to ensure the safety of team members at all times, in cooperation with CDMG personnel the main church and its outlying ministries. It is unclear at this point if COVID-19 vaccination will be a requirement to travel. At a minimum, specific types of negative COVID-19 testing may be required. Otherwise, there are no required travel vaccinations, but team members should be current on all routine immunizations and should consider CDC recommendations (<https://wwwnc.cdc.gov/travel/destinations/traveler/none/nicaragua>) for vaccinations that could be helpful in Nicaragua.
